Tick 'Remember me' so you don't have to logon each time

HealthPathways is a mobile-friendly platform and can be viewed on your mobile device or desktop.

To find out about the features of this platform, logon and [view the short video](#) (3m 28") or go to the homepage, look under the menu 'About HealthPathways' and select:

[How do I use HealthPathways / Navigating HealthPathways](#)

Is my device supported?

The mobile-friendly user interface will work for the majority of users. To find out if your device is supported, logon and click [here](#) or go to the homepage, look under the menu 'About HealthPathways' and select:

[How to Use HealthPathways / Support / Is my device supported?](#)

How do I add a shortcut to my desktop and/or mobile device?

For help on how to add shortcuts logon and click [here](#) or go to the home page, look under the menu 'About HealthPathways' and select:

[How do I add a HealthPathways shortcut to my desktop?](#)

[How do I add HealthPathways to my mobile?](#)

Please do not give access details to people who are not registered health professionals within the Whanganui and MidCentral Districts.

How can I return to the home page?

Click the HealthPathways logo to return home.

A Quick Reference Guide to Navigating HealthPathways

How do I search?

Search for a pathway, resource or function by specifying a word or words such as 'asthma action plan' or 'pathway elements' and click enter.

The screenshot shows the Whanganui & MidCentral Community HealthPathways website. The header includes the Whanganui & MidCentral logo, the Community HealthPathways logo, and a search bar labeled 'Search Community HealthPathways'. A left-hand menu tree lists various categories like Home, COVID-19, About HealthPathways, Acute Care, Allied Health and Nursing, Child and Youth Health, Clinical Procedures, Investigations, Legal and Ethical, Medical, Mental Health and Addiction, Older Adults' Health, Preventive Care and Public Health, Specific Populations, Surgical, Women's Health, and Our Health System. The main content area features a 'Health Alert' about COVID-19, 'Latest News' including a report on Hepatitis A and a webinar recording, and an 'About HealthPathways' section with links for 'What is HealthPathways?', 'How do I use HealthPathways?', 'How do I send feedback on a pathway?', 'How do I add HealthPathways to my desktop?', and 'How do I add HealthPathways to my mobile?'. On the right, there are links to 'HEALTHPOINT', 'USEFUL RESOURCES', 'HOSPITAL HEALTHPATHWAYS', 'NZF NZ FORMULARY FOR ADULTS', 'NZF NZ FORMULARY FOR CHILDREN', 'MEDLAB', 'POAC/CFOP', and 'HEALTH NAVIGATOR'. A red double-headed arrow points to the 'About HealthPathways' section, and another points to the 'USEFUL RESOURCES' link.

Map of Medicine Pathways

Click here to access MidCentral or Whanganui's localised clinical pathways.

Quicklinks

Click on one of the resources to open a new page to view it.

Menu Tree

Click on the arrow to expand (or close) the menu when looking for clinical information.

How do I identify localised pathways?

Clinical pathways will be localised over time and will be shown in bold on the menu tree. The clinical information in unlocalised pathways remains evidence based best practice and is used in other regions. For more information, see [About HealthPathways/How do I use HealthPathways/Navigating HealthPathways](#)

How do I send feedback?

Every page on HealthPathways has a feedback button in the bottom-right corner. Use this to contact your local HealthPathways team with questions or suggestions.

Please do not give access details to people who are not registered health professionals within the Whanganui and MidCentral Districts.
