

## WARFARIN DOSING TABLE

This is a guide and offers conservative dosing which will bring the INR to the therapeutic range slowly.

| Day | INR     | Dose of Warfarin |
|-----|---------|------------------|
| 1   | <1.4    | 5mg              |
| 2   |         | 5mg              |
| 3   |         | 5mg              |
| 4   | <1.2    | 8mg              |
|     | 1.3     | 7mg              |
|     | 1.4     | 6mg              |
|     | 1.5     | 5mg              |
|     | 1.6     | 4mg              |
|     | 1.7     | 3mg              |
|     | 1.8-1.9 | 2mg              |
|     | 2.0-2.2 | 1mg              |
|     | >2.2    | nil              |
